RE PROFUMO

WRITER FULVIO FRONZONI'S

BEST PIECE YET...

// TAP ON A BOTTLE FOR SCENT INFO

You can almost imagine the bewildered faces all around when news of writer *Fulvio Fronzoni* creating a 'story of scents' emerged. Now with the release of the much awaited collection, *Re Profumo*, critics are calling the collection a 'book in a bottle'.

Indeed, each unisex fragrance holds its own character of unique notes whilst still maintaining its sense of unity with the rest of the collection.

Our in-house favourite: *Sogno d'amore*

Available from Fortnum & Mason and Avery Perfume Gallery

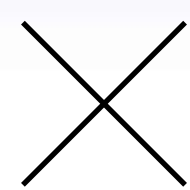

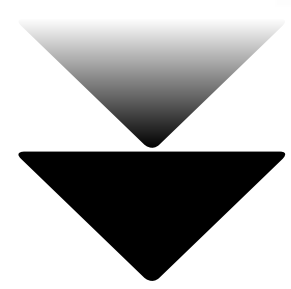

The deluxe edition: A collection of 24k Gold refined ceramics Fulvio designed in collaboration with Ceramiche Rita Dal Prà.
