PRETTY LITTLE THINGS

The more mini-breaks you take (you too?), the better your miniatures need to be. Here are the best, pictured to size

1

1. UNDERCOVER POT

£29, Laura Mercier (5.8g, 4.5cm x 3.5cm)

This clever little product houses Laura Mercier's bestselling Secret Concealer, Secret Camouflage Cream and Translucent Loose Setting Powder to hide blemishes and keep your make-up in one place. All in one tiny, little pot.

2. INSTANT FOAMING CLEANSER

£7.50, Caudalie (50ml, 3.5cm x 12.5cm)

There's no excuse for using face wipes when mini cleansers are this good. Pump into your hands and the liquid texture transforms into a fluffy cloud of foam that dissolves grime and make-up. Beauty editors swear by it.

3. BOBBI TO GO BB CREAM SPF35

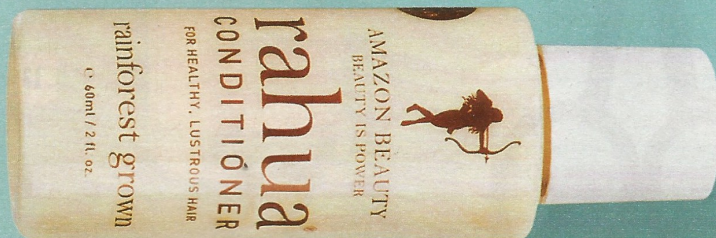

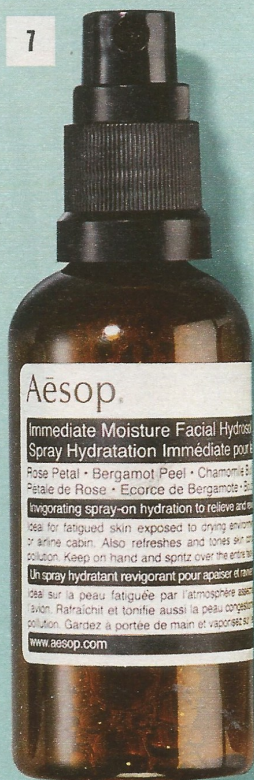

£15.50, Bobbi Brown (15ml, 9cm x 3cm)

Never underestimate the importance of a great base. This one is ideal for when you want to forgo foundation but don't want to go totally natural. Light-reflecting pigments make your skin glow and a subtle tint evens skintone.

4. PASTA DENTIFRICA

£2.50, Coutu (25g, 11cm x 3cm)

This toothpaste's unique, powerful minty taste, fluoride-free formula and anti-inflammatory ingredients have given it cult status since its launch in 1932. It's a concentrated formula, so you use less, and the tube is the perfect size to pop in your hand luggage. Win win.

5. BRIGHTMUD EYE TREATMENT
£39.99 for 12, GlamGlow
(12g, 6.5m x 3.5cm)

These tiny pods of eye cream brighten, de-puff and revive tired eyes with powerful active ingredients including peppermint and caffeine. The results are pretty instant: tap on one sachet, leave for three minutes and wipe off.

6. SIZED TO GO ZOOM FAST
BLACK LASH

£10, Mac (4g, 8.5cm x 1.5cm)
 Mac has very helpfully created mini-me versions of all its bestselling mascaras for its new Sized To Go travel range. This one coats, curls and separates lashes with the deepest shade of black we've come across.

7. IMMEDIATE MOISTURE
FACIAL HYDROSOL

£17, Aesop (60ml, 12cm x 3.5cm)
 Aeroplane cabins, humidity and air pollution all play havoc with complexions. This compact face spray is a combination of rose petal, bergamot and camomile, to soothe both skin and senses.

8. SHAMPOO AND CONDITIONER
£7 each, Rahuha (60ml,
10.5cm x 3.5cm)

Rahuha's luxurious mini shampoo and conditioner are free of nasties and contain a special, nourishing Amazonian nut oil. Using a coconut rather than sulphate cleanser means your colour is safe, too, as it won't deplete the pigments.
